

HARVARD UNIVERSITY

September 29, 1947

Mr. Walter L. Pforzheimer  
Box 510  
Washington, D. C.

Dear Mr. Pforzheimer:

I expect to be in Washington on Thursday, October 2nd, and am wondering whether it would be possible for me to have a few minutes with Admiral Hillenkoetter whom I had had the pleasure of meeting briefly in 1941 when he spent a morning with our central committee at the Office of Strategic Services.

I am anxious to speak with Admiral Hillenkoetter about the Central Intelligence Agency and the possible relation of it to our program in International and Regional Studies at Harvard. You may recall that you and Captain McCollum had called on me some time back and that you had indicated at the time that you would be happy to arrange an appointment for me with General Vandenberg.

If it would be possible for me to see Admiral Hillenkoetter before 11:30 a.m. or after three in the afternoon, I should very much appreciate your wiring me at my expense.

Very sincerely yours,

/s/  
Donald C. McKay
